Tina Zagya, TNT Coordinator, informed the members that the Board has recently approved a Roles and Responsibilities document outlining responsibilities of Facilitators, Task Forces, Coordinator, Board members. The document is now available on the website and a copy will be brought to each meeting. The Board also discussed the accomplished goals from the Strategic Planning Final Report as well as media/communications committee.

Sector Discussion: The group discussed the possibility of exploring the Lakefront district joining the Downtown district. There were comments from several people present and final agreement that Lakefront should remain separate and continue to work at engaging businesses and residents. Also discussed was the development of a 5-year plan with a focus on identifying several priority strategic areas rather than an extensive process and plan. There was suggestion to send out a survey to Lakefront residents and businesses, discussion of which will continue at the next meeting.**Special Projects:** Tina Zagya explained the Special Projects proposal process. Past project examples were discussed.
