Info regarding Trash Bins.

Trash Bins: (1) size is being introduced and tested in parts of Eastwood.

DPW workers have been observed not totally using the new system, still in test phase.

Call 315-448-CITY with any questions on missing trash cans, DPW did throw some out during test phase.

There is a hefty fine if resident does not follow DPW/City rules to the letter which most residents feel is terrible given that it is a new program and DPW workers were not adhering to program.

City has a New Flag:

The six points of the flag's star are meant to symbolize the six nations of the Haudenosaunee and Syracuse's six historical names. Its spot in the center of the flag represents Syracuse's location in Central New York. The orange color of the star is the rising sun, and the central white triangle symbolizes the salt and snow of Upstate New York. The design was chosen after a four-week ranked-choice voting process during which Adapt CNY set up voting stations in Salt City Market and public libraries to encourage participation. 1,452 Syracuse residents voted in total, said Eric Ennis, president of Adapt CNY.
