

CITY OF SYRACUSE LOCAL WATERFRONT REVITALIZATION PROGRAM

VIRTUAL PUBLIC WORKSHOP #1

The City of Syracuse, in conjunction with Onondaga County and New York State, is currently developing a Local Waterfront Revitalization Program (LWRP). The study area for this effort includes the land in proximity to the southern portion of Onondaga Lake and Onondaga Creek. This LWRP will support natural resource protection, enhance waterfront access, improve multi-modal connectivity options, and provide economic revitalization opportunities. Please join us for a virtual public workshop to learn more about the LWRP and share your thoughts on waterfront revitalization!

WHO?

Anyone with an interest in the City of Syracuse's waterfront, including residents, businesses and property owners.

WHEN?

September 13, 2021 at 6:30 PM

RSVP

The workshop will be held on video-conference via Microsoft Teams. Please RSVP by September 10, 2021 by visiting www.syracuselwrp.com.

An email with a workshop link will be sent to all individuals who RSVP.

WE WANT TO HEAR FROM YOU!

Come join us for a public workshop to learn more about the project and share your ideas.
