

Valley TNT

4/12/23

Lisa Lambert – Facilitator

Attendance – See attendance sheet

6:37 Meeting called to order Lisa Lambert

6:39 SPD – Update provided. Questions were asked and answered from the crowd. Crime statistics were handed out.

6:45 Chol Majok – City has allocated 3 million dollars for broadband internet for City residents. Questions were asked from the audience and answered.

6:51 Corey Driscoll Dunham – Trash Cart Rollout – 20% of the city will receive their new 96 gallon rolling cart. This is not the same version as seen in many suburbs. It requires human labor as well as the truck lift. The truck will lift the sanitation cart to dump the trash into the truck. One of the main reasons for this move is the cost of workers compensation claims yearly are disproportionately high. This will also hopefully help mitigate the trash issues around the city. Recycling will follow. 96 gallon is the industry standard size for trash.

7:20 Rezoning – the issue of Lafayette Road was brought up. It was originally zoned single family now it is zoned R4 – Multifamily.

7:30 motion to extend the meeting – Kathy Stribley

7:30 discussion regarding rezoning continued.

Announcements – Earth Day Clean Ups are taking place at Valley Plaza and throughout the city.

Shavel Edwards – Landbank – Valley Diner foreclosure process has begun

7:50 Motion to adjourn
